

Description

FUEL KING™ is a locally developed liquid fuel conditioner formulated to control water and algae (fuel bug) contamination in petrol and diesel fuels. Suitable for mobile applications, it helps maintain fuel quality and supports the efficient operation of fuel systems. Its advanced formulation assists in cleaning fuel injectors and helps dissolve waxes, gums and varnishes that can accumulate within fuel systems. It also helps remove water residues, inhibit corrosion and reduce bacterial growth, supporting the ongoing performance and protection of fuel system components. Compatible with modern diesel engines, biodiesel, petrol and two-stroke fuels, FUEL KING™ is suitable for use in vehicles, agricultural equipment, machinery, boats and marine applications. Its non-flammable formulation allows for safe storage and handling when used as directed. Suitable for commercial, agricultural, marine and recreational applications, FUEL KING™ provides reliable fuel system maintenance across a wide range of equipment and operating conditions.

Features & Benefits

- Removes water residue in fuel
- Compatible for all modern diesel
- Compatible for Bio Diesel
- Corrosion protection
- Algae protection
- Petrol and diesel fuels
- Dissolves waxes, gums and varnishes
- Non-flammable

For Use On

- Diesel fuels
- Bio diesel
- Petrol fuels
- 2 stroke fuels

Directions for Use

Initial dose: add 200ml of Fuel King™ to an 80L tank of fuel
Ongoing use: add 25ml of Fuel King™ to 100L of fuel

Technical Information

Available Sizes: 200ml | 1L | 5L | 10L | 20L | 200L | 1000L (IBC)

Appearance:	Blue Liquid	pH:	N/A
Odour:	Mild Characteristic	Specific Gravity:	0.91
Solubility in Water:	Insoluble		

Safety

Keep out of reach of children. Avoid contact with eyes.
For further Safety and First Aid Information, please refer to the applicable SDS available on our website.
All information pertains to the **correct use** case.
Kleen West Distributors takes no responsibility for injury, illness and/or damage of any kind if this product is not used in accordance with its designated use including but not limited to correct mixing, correct usage and any and all modifications to this product.
