

Description

KLEEN SAN R.T.U is a ready to use, quaternary ammonium based sanitizer solution formulated for superior germicidal action in food production and processing environments. Designed as a no rinse final application spray following standard wash programs, it ensures comprehensive sanitation on all food contact hard surfaces without the need for additional rinsing, saving time and resources. Food safe and non fragrant, this powerful yet gentle formula eliminates harmful bacteria and pathogens, maintaining the highest hygiene standards in commercial kitchens, processing plants and food preparation areas. The ready to use convenience allows for immediate deployment wherever robust sanitation is essential, reducing cross contamination risks and supporting compliance with food safety regulations. Kleen San R.T.U is the dependable choice for industry professionals prioritizing efficiency, safety and unparalleled germicidal performance in demanding operational settings.
