

Description

KWD Lube is a multipurpose lubricant designed to penetrate, lubricate and protect a wide range of moving parts and mechanical components. Its heat-resistant, leave-on formula displaces moisture, helps free rusted or seized components, and provides long-lasting lubrication while helping protect against corrosion.

Ideal for use on locks, hinges, chains, gears, roller doors, tools, vehicles, agricultural machinery and industrial equipment, KWD Lube penetrates hard-to-reach areas to restore smooth operation without leaving a sticky residue or causing build-up on moving parts.

Suitable for commercial, automotive, agricultural and industrial applications, KWD Lube delivers dependable lubrication and corrosion protection for routine maintenance, servicing and equipment care.

Features & Benefits

- Disperses water
- Prevents corrosion
- Long lasting lubricant
- Penetrates rusted parts

For Use On

- Anything needing lubrication
- Vehicles & Machinery
- Roller doors
- Squeaky parts

Directions for Use

Spray a light even coat to protect surfaces
Apply liberally to free rusted or frozen parts and to keep moving parts in good working order

Technical Information

Appearance: Brown Mobile Liquid
Odour: Characteristic
Solubility in Water: Not Miscible

Available Sizes: 5L | 20L | 200L | 1000L (IBC)

pH: N/A
Specific Gravity: 0.8 - 0.9

Safety

Keep out of reach of children. Avoid contact with eyes.
For further Safety and First Aid Information, please refer to the applicable SDS available on our website.
All information pertains to the **correct use** case.
