

Description

Liquid Bleach is a chlorine-based bleach and sanitiser containing 4% sodium hypochlorite, formulated for cleaning, whitening and sanitising applications. Suitable for use on hard surfaces and white cotton fabrics, it helps remove stains, grime and organic soils while providing effective sanitising action when used as directed.

Ideal for use in bathrooms, toilets, ablution areas, commercial facilities and general cleaning applications, Liquid Bleach can be diluted for routine cleaning or used at higher concentrations for more demanding tasks.

LIQUID BLEACH

General Disinfectant 4% Chlorine

Features & Benefits

Ease of application
General purpose disinfectant
Industrial strength

For Use On

Ablution areas
Floor & hard surface cleaner
Stain removal on white cottons

Directions for Use

Bathroom & Toilet Sanitation:

Dilute 1/2 cup (125ml) in 1L of cold water. Apply to surface with mop or squeegee and allow 8 - 10 minutes dwell time before rinsing with clean water.

Bleaching of white cottons:

Dilute 20ml per 10L of cold water. Soak items for 10mins then thoroughly rinse with clean water.

Technical Information

Appearance: Pale Yellow Liquid
